The 2014-15 academic year was a new and challenging year for RAPT as both the experienced and enthusiastic Co-Chairs, Nikita Mehta and Peter Halliday, stepped down simultaneously after 6 years of services. With the energetic new members and the help of 300 parent volunteers, RAPT organized the ever most successful College Fair and many other more than 20 memorable events and activities during the year.

Welcome Back BBQ in August 2014
The 2014 College Fair in November 2014
6 Coffee mornings/afternoons in 2014-15
Sale of “pre-loved” uniforms in February and May, 2015
The annual Joyful Fruit Day in April 2015

We had also made significant donations to the school in the following areas:

Production of Black Kite T-shirts
Seed money for the Trashion Show
Refreshments for parent information evenings
Years 6, 11 and 13 Graduation events
Upgrade the A/V System of the control room in PAC,
Purchase the Entrak System (an energy consumption tracking system), and
Upgrade of the swimming pool changing rooms

Besides organizing different activities and donating money to the school to resolve student needs, RAPT also made great contributions to the community of Renaissance College in different ways. The NutriAgent Team worked closely with the school to promote healthy eating in RCHK, to carry out lunch/snack surveillances and to organize healthy cooking workshops and the well-received Joyful Fruit Day. We also worked with the school to revamp our webpage. Starting from the academic year 2015-16, RCHK will help to collect the RAPT membership fee through e-payment in order to enhance the efficiency of the process. We organized coffee mornings/afternoons with different topics to share with the parents, such as PYP Chinese Pathway, pilot experiences and Scout.

Lastly, we would like to thank you all the students, parents and teachers who supported all our activities throughout the year.
